

D4X Get Detox

Smart Food

Smart Food from Vision is essential for healthy living and well-balanced nutritious eating. D4X is enhanced with superfood ingredients, an exclusive honey blend and other effective components that detoxify your body and nourish it with irreplaceable substances.

Superfood

Superfood is nature's gift, vibrant, nutritionally dense food that offers tremendous dietary and healing potential. **Superfood** turbo-charges the body, providing a rich resource of nutrients, giving the body what it needs for optimal health and vitality.

Nanotechnologies

D4X is made using **nanoparticles** — liposomes, which improve resistance to digestive fluids and absorption through the gastrointestinal wall, increasing the efficiency of the D4X products.

Exclusive honey mix

It contains a **unique blend** of the most renowned honeys of the world – manuka, buckwheat, honeydew, forest, bluebell, rape, linden blossom, lavender, and sun flower. Every drop consists of more than 70 essential substances, crucial to the human body.

Benefits

- Helps recovery after serious illnesses, injuries and surgeries
- Strengthens the body when it is weak after a long period of stress
- Regulates the disposal of toxins and improves liver function
- Aids recovery from food or alcohol poisoning
- Improves stamina and libido and restores natural energy
- Reinforces the immune system

A powerful aid to restore balance to your physiology. **D4X Get Detox** can help you jump-start the cleansing process and maintain healthy bodily functions. It “tunes-up” our detoxification organs and provides us with natural energy, strength, vitality, and health.

Superfood **Manuka 20+** honey used in D4X has an ultra-high 20+ Unique Manuka Factor rating, which makes it king of all honeys.

- **the beneficial level of Unique Manuka Factor (UMF) starts at UMF 5+; anything from UMF 16+ and up is considered superior quality**
- **up to 200 times stronger than other honeys**
- **four times the mineral content of a regular flower honey**

Ingredients: Honey Mix, Hibiscus extract, Hawthorn extract, Dandelion extract, Cordyceps extract, Acerola extract, Succinic acid, Plant phospholipids (from soya lecithin).

D4X: Destined 4 eXcellence!
